II. Read the passage about the countryside in America and do as requested:

Few Americans live in the areas of wild and beautiful scenery, like the Western states of Montana and Wyoming. We often see small farms surrounded by hills and green areas in the New England states, such as Vermont and New Hampshire. In Ohio, Indiana, Illinois and other Midwestern states, there are very large fields of corn or wheat with great distances between towns.

About a quarter of Americans live outside cities and towns because life there is harder. Shops, post offices, hospitals, schools, etc. may be further away and it takes rural people a very long time to get there. However, many people choose to live in the countryside because of its safe, clean, and attractive environment. But their children often move to a town or city when they grow up.

Mi: Ms Hoa said we can discuss the stress we have in our lives on the class forum. So what stress do you have?

Minh: I'm tired of trying to meet my parents expectations. They want me to study well and be good at many things. So they send me to many classes like maths, English piano and karate.

Ann: Why don't you tell them your interests and abilities Minh? I talk to my parents about this so they no longer send me to classes I don't like now. I just focus on my health and try to lose some weight.

Mi : You look fit Ann, you should feel good about your body.

Ann: Are you kidding Mi? I still need to lose a few more kilos. How about you Mi ?

Mi: Actually, I don't get on with my sister. She is jealous of anything I have and always starts arguments. So I had to talk to my mum.....
